Rapid City Greenway Trails and Pedestrian Facilities Project – EM 8052(50)

This project was selected by the Rapid City Council and general public and is described in the Omaha Street Corridor Enhancement Project Master Plan completed in 2005. This Master Plan served as a guide in developing the scope of work for this project in accordance with the Federal Highway Administration Transportation Enhancement Grant POENH(131) PCN H107 Agreement 712390 between SD DOT and the City of Rapid City.

Project Scope

The City completed numerous public hearings from 2004 through 2010 on the project and required input for selection of projects to be completed on and along the City bike path system. The result is a project located at and around the Founder's Park area, as well as the SD School of Mines and Technology and the Pennington County Fairgrounds. Primary components of the project include:

- Pedestrian bridge, parking expansion and restroom facility at Founder's Park Trailhead
- Natural trail along the north side of Rapid Creek from Founder's Park Trailhead
- Extension of bike path from Founder's Park Trailhead along the west edge of Executive Golf Course and north to Anamosa Street
- Bike path connection with SDSM&T
- Bike path connection through the Pennington County Fairgrounds
- Pedestrian amenities, lighting and signage throughout the project areas

Cetec Engineering Services was hired to design the project and the construction bid was awarded to RCS Construction on December 19, 2011 in the amount of $2,232.268.93.

Project Funding:

$	136,000.00	SDDOT Enhancement Grants
$	1,812,278.00	FHA Funds (earmarked for greenway project)
$	1,948,278.00	Total DOT/Federal Funding
