Honorable Mayor Sam Kooiker
and City Council Members

RE: Levying Assessment for Cleanup of Miscellaneous Property
3700 City View Drive

My request was heard through the Legal and Finance Committee yesterday. They are making a recommendation to the City Council for Monday's meeting.

I have a situation where I am the sole night care for my parents who are ill. I would like to respectfully request to be placed on the agenda at the beginning. This will enable me to be available for questions and meet my obligation to my family.

Thank you very much for your consideration.

Most Sincerely,

Susan M. Hughes-Mount
