RECOMMENDATION: Staff recommends that the Rezoning from General Commercial District to Light Industrial District be approved.

GENERAL COMMENTS: The applicant is proposing to rezone the above legally described property from General Commercial District to Light Industrial District. The property is located on the east side of Deadwood Avenue, immediately south of Rapid Chevrolet, and is currently void of any structural development.

The applicant is proposing to locate an equipment rental business with outdoor storage on the property. The use is permitted in the Light Industrial District but not in the General Commercial District. The applicant is proposing to rezone the property as identified in order to obtain a building permit.

STAFF REVIEW: Staff has reviewed this request for conformance with the four criteria for review of zoning map amendments established in Section 17.54.040(D)(1). A summary of Staff findings is outlined below:

1. *The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected or in the City in general.*

No. 01RZ009 - Rezoning from General Commercial District to Light Industrial District ITEM 15

As the need for additional industrial areas continues to grow in Rapid City, properties along Deadwood Avenue and Samco Road and within the Fountain Springs Business Park located east of the subject property have been rezoned to Light Industrial District.

2. *The proposed zoning is consistent with the intent and purposes of this ordinance.*

The intent of the Light Industrial District is to establish areas for light manufacturing and assembly plants, processing, storage, warehousing, and wholesaling and distribution operations. The Zoning Ordinance requires that these types of uses be conducted so that noise, odor, dust and glare are completely confined within enclosed structures. Light industrial uses currently exist to the south and east of the subject property. The proposed rezoning request would allow for the continuation of light industrial uses within the area.

3. *The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such an amendment.*

Rezoning the property to Light Industrial District should not impose any adverse affects upon the surrounding properties or any other part of the City. The applicant is proposing to locate an equipment rental business with outdoor storage on the property. As previously indicated, the Light Industrial District requires that any proposed use be conducted so that noise, odor, dust and glare are completely confined within an enclosed structure. The proposed outdoor storage cannot create any of the negative impacts as identified. Any future use of the property must continue to conform to the requirements of the Zoning Ordinance.

4. *The proposed amendments shall be consistent with and not conflict with the Development Plan of Rapid City including any of its elements, Major Street Plan, Land Use Plan and Community Facilities Plan.*

The 1976 Rapid City Five Year Comprehensive Plan identified this area as industrial. The area has developed into a mixture of commercial and industrial uses. The location of this request is a continuation of the light industrial uses located within the area. Staff's review indicates that the proposed rezoning request is in general compliance with the criteria established for review.

As of this writing, the required sign has not been posted on the property nor has the applicant returned the receipts from the certified mailing. Staff will notify the Planning Commission in the event these requirements are not met. Staff has not received any objections or inquiries regarding this rezoning request.
