South:	No Use District (City)
East:	General Agriculture District- Limited Agriculture District- General Commercial District (County)
West:	General Agriculture District (City)
PUBLIC UTILITIES	City sewer and water to be extended
REPORT BY	Karen Bulman

RECOMMENDATION: Staff recommends that the Planned Development Designation be approved with two conditions:

1. The approval of the associated rezoning from No Use Zoning District to Low Density Residential Zoning District; and,
2. No sign permits or billboards shall be allowed unless approved as part of a Final Development Plan.

GENERAL COMMENTS: This Planned Development Designation is a companion item to a proposed rezoning from No Use Zoning District to the Low Density Residential District. The property is located north of Mall Drive between North Haines Avenue and North Maple Avenue.

A Planned Development Designation is a procedure by which property can be officially designated as a future Planned Residential Development, Planned Unit Development, Planned Commercial Development, or Planned Light Industrial Development prior to approval of an Initial or Final Development Plan. One of the factors established by the Ordinance in determining whether a property should be a Planned Development designation is – *“When the location of the property is such that its development may have unusually*

ITEM 16

significant impacts upon public infrastructure or surrounding developed areas.” Low Density Residential, Agricultural, and Commercial Zoning Districts surround the subject property. The Planned Development Designation can help to minimize land use conflicts with the surrounding uses.

STAFF REVIEW: In 1999, this property was annexed into the City at the request of the property owner. Currently the property is zoned No Use Zoning District. This property is identified in the Northeast Neighborhood Land Use Plan as being located in an area appropriate for development with Low Density Residential land uses. The property to the north and south are proposed to be rezoned from No Use Zoning District to Medium Density Residential District. The property to the west is zoned General Agricultural District. The property to the east is zoned General Agricultural District in Pennington County.

The Planned Development Designation is a useful tool for the current rezoning request. The Planned Development Designation will allow the applicant to acquire a Low Density Residential Zoning for the property but will also allow the City to adequately address site specific issues at the time a development proposal is prepared. No building permits will be permitted until such time as a Final Development Plan is approved. In addition, no sign permits or billboards shall be allowed unless approved as part of a Final Development Plan.

Staff has mailed certified letters to notify property owners within 150 feet of the proposed Planned Development Designation and the required sign has been posted on the property. Staff has not received any calls or inquiries regarding this proposal.
