REPORT BY Bill Lass

RECOMMENDATION: Staff recommends that the Rezoning from No Use District to Low Density Residential-II District be approved.

GENERAL COMMENTS: This rezoning request has been submitted to rezone approximately 7.5 acres of property from the No Use Zoning District to the Low Density Residential- 2 Zoning District. This request is the companion item to an associated annexation petition and Final Plat application (see related Staff Reports). The associated Final Plat application proposes to plat twenty-four residential lots.

STAFF REVIEW: Staff has evaluated this rezoning request with respect to the four criteria established for review of zoning map amendments established in Section 17.54.040(D)(1). A summary of Staff findings is outlined below:

STAFF REPORT

RZN #01RZ026 - Rezoning from No Use District to Low Density Residential – 2 Zoning District

ITEM 29

- 1. The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected or in the City in general.*

Staff believes this criterion is being met. The City overall and particularly land adjacent to major traffic arterials such as Haines Avenue are seeing continued development. This growth is evidenced in the related Final Plat application which proposes to plat twenty-four new residential lots on the subject property.

- 2. The proposed zoning is consistent with the intent and purposes of this ordinance.*

According to Chapter 17.44.010 of the Zoning Ordinance, the Low Density Residential – 2 Zoning District is intended to "...provide for a slightly higher population density, but with basic restrictions similar to (the) LDR-1 district. The principal use of land is for single-family and two-family dwellings and related recreational, religious and education facilities normally required to provide a balanced and attractive residential area. ..." With the increasing commercial growth in this area, it is important to provide additional areas for affordable housing.

- 3. The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such an amendment.*

Staff does not believe any adverse impacts will occur as a result of this rezoning. The adjacent property to the south and east is already zoned as Low Density Residential – 2 and Mobile Home Residential. The proposed rezoning of the subject property to Low Density Residential – 2 will be consistent with the adjacent land uses and zoning.

- 4. The proposed amendments shall be consistent with and not conflict with the Development Plan of Rapid City including any of its elements, Major Street Plan, Land Use Plan and Community Facilities Plan.*

The proposed rezoning to Low Density Residential – 2 is consistent with the adopted comprehensive plan. The Rapid City Area 2000 Future Land Use Plan identifies residential land uses for the subject property and surrounding areas.

The required rezoning sign has been posted on the property. The receipts from the certified mailing have not yet been returned. Staff will notify the Planning Commission in the event the receipts are not received prior to the June 7, 2001 meeting. Staff has not received any objections or inquiries regarding this rezoning request.

Based upon conformance with the criteria for review of zoning map amendments, Staff is recommending approval of the rezoning request.
