REPORT BY	Karen Bulman

RECOMMENDATION: Staff recommends that the Planned Development Designation be approved contingent upon the approval of the associated rezoning from No Use District to Low Density Residential District.

GENERAL COMMENTS: This Planned Development Designation request is a companion item to a proposed rezoning from No Use District to the Low Density Residential District. The property is located northeast of the intersection of U.S. Highway 16 and Catron Boulevard and can be accessed from Catron Boulevard.

According to the Rapid City Zoning Ordinance, a Planned Development Designation is a procedure by which property can be officially designated as a future Planned Residential Development, Planned Unit Development, Planned Commercial Development, or Planned Light Industrial Development prior to approval of an Initial or Final Development Plan. One of the factors established by the Ordinance in determining whether a property should be a Planned Development designation is – *“When the location of the property is such that its development may have unusually significant impacts upon public infrastructure or surrounding developed areas.”* Staff believes that the Planned Development Designation can help to minimize land use conflicts with the surrounding uses when future development of this property occurs.

STAFF REVIEW: This property was annexed into the City on August 7, 2001 and is currently

designated a No Use Zoning District. The future land use for this property is identified in the South Robbinsdale Neighborhood Area Future Land Use Plan as appropriate for Low Density Residential land uses with a Planned Development Designation. The surrounding future land use designation on the property to the west, north and east of this site are Low Density Residential with a Planned Development Designation. The future land use designation to the south is Low Density Residential land use with a Planned Unit Development.

Staff believes the Planned Development Designation is a useful tool for the current rezoning request. The Planned Development Designation will allow the petitioner to acquire Low Density Residential zoning for the property but will also allow the City to adequately address site specific issues prior to an expansion of the current use.

Staff has mailed certified letters to the surrounding property owners and a sign has been posted on the property. Staff has not received any calls or inquiries regarding this request.
