Jeri,

On Wednesday, September 18, 2002, during the South Dakota Solid Waste Management Association's annual meeting in Rapid City, we have scheduled a tour of the Journey Museum and also the Journey Museum's gardens. During this activity, beginning at about 5:00pm, that day, we would like to host a wine and cheese tasting event. Would you please place on the City Council agenda, the appropriate action for us to receive permission for the consumption of alcohol at the museum. The group will consist of approximately 50 to 60 individuals from across the state and region in the solid waste business. The group will be at the museum for approximately 1 to 2 hours. If there are any questions, if you wish me to attend the appropriate meetings, or if further information is needed please let me know.

The following is the address, etc. of the South Dakota Solid Waste Management Association:

South Dakota Solid Waste Management Association
