Re: Alcohol Consumption Permit – Journey Museum – July 25, 2002

Dear Jeri:

I represent the local chapter of the American Society of Heating, Air Conditioning, and Refrigeration Engineers (ASHRAE). Our group will be having a regional conference in Rapid City at the end of July. We are planning a social gathering at the Journey Museum on Thursday, July 25, 2002, at 6pm. The event will last no later than 8pm. We have already booked the event with the Journey Museum staff.

We would like the City's permission to have and consume alcoholic beverages at the Journey Museum during this event. We assure the City that this event will be professional and composed. Furthermore, although most if not all of those attending this event will be of legal drinking age, we will ensure that alcoholic beverages will be consumed by only those attendees 21 years of age or older.

The Journey Museum staff requires official notification of the City's decision in this matter. Any necessary documentation needs to be issued to ASHRAE Black Hills Chapter and sent to my attention at Dunham Associates, Inc., so that I may forward it to the Journey Museum staff.

Thank you for your assistance.

Sincerely,

DUNHAM ASSOCIATES, INC.

A handwritten signature in black ink, appearing to read 'M. Blount'. The signature is fluid and cursive, with a long horizontal stroke extending to the right.
