DATE OF APPLICATION	03/28/2002
REPORT BY	Lisa Seaman

RECOMMENDATION:

Staff recommends that the Variance to the Subdivision Regulations to waive the requirement for curb and gutter, street light conduit, dry sewer and water be denied.

GENERAL COMMENTS: This Subdivision Regulations Variance request is the companion item to the Preliminary and Final Plat request for proposed Tract A of Murphy Ranch Estates (File # 02PL029). The plat request has been submitted to plat a 12.36 acre lot out of a larger tract of land in order to transfer title of the property. The applicant has submitted this Subdivision Regulations Variance request to waive the requirement to

install curb and gutter, street light conduit, dry sewer and water along the Long View Road frontage.

STAFF REVIEW: Staff has reviewed the proposed Subdivision Variance request and is recommending denial of the request to waive the requirement to install curb and gutter, sidewalks, water, dry sewer and street lights along Longview Drive where it abuts the lot frontage in the associated Preliminary and Final Plat. Subdivision Variances to the road improvement standards have generally only been granted when there is no increase in the density of dwelling units resulting from the subdivision. The associated Preliminary and Final Plat proposes to increase the density of the subdivision by one dwelling unit. The subject property is located outside of the Rapid City Corporate Limits; therefore, the required improvements can not be secured with a Waiver of Right to Protest a future assessment project. The Pennington County Highway Department has indicated though the proposed 12.36 acre lot will have a minimal impact on Long View Road the future subdivision of the property will have a significant negative impact on Long View Road. For these reasons, Staff is recommending that the road section be designed and constructed in accordance with City standards.

As of this writing, the receipts from the required certified mailing have not yet been returned by the applicant. Staff will notify the Planning Commission in the event these receipts are not provided prior to the April 25, 2002 Planning Commission meeting. Staff has not received any objections or inquiries regarding this request.
