re: file # 025V023

Rapid City Planning Commission:

I'm writing in response of a notice I received re: a request by George & Nancy Dunham for a variance to the subdivision in the area west of Heidiway Lane. I live at 3104 Heidiway Lane, Legal description: Arrowhead Hills, Lot 5, revised. It is a single family dwelling. While I was not happy about the news of developing this area & using Heidiway as a through street, I wasn't going to fight it since I assumed the developer would pay for part or all for installing water, sewer, curb & gutter. I am absolutely opposed to paying for this & waiving the developer's requirement to pay for it! This should remain the developer's responsibility - he'll get it all back anyway in the sale of the homes he builds.
