RECOMMENDATION:

Staff recommends that the Amendment to the Comprehensive Plan to change the future land use designation on a 0.6160 acre parcel from General Commercial to General Commercial with a Planned Commercial Development be approved.

GENERAL COMMENTS:

The applicant is seeking to change the future land use designation from General Commercial to General Commercial with a Planned Commercial Development on the above legally described property. The applicant has also submitted a Planned Development Designation request on the subject property. (See companion item #02PD037.)

The property is located approximately in the northeast corner of the Southview Drive/Aladdin Drive intersection and is currently void of any structural development. The property is a part of a proposed 86 acre development to be known as "Tower Ridge". On June 3, 2002, the City Council approved several Rezoning requests, Planned Development Designation requests and Comprehensive Plan Amendments for the 86 acre development. On July 15, 2002, the City Council approved a Preliminary Plat for Phase One of the development. However, the lot lines as shown on the plat document do not coordinate with the previously approved Rezoning, Planned Development and Comprehensive Plan Amendment boundaries. As such, the applicant has submitted several Comprehensive Plan Amendments, Rezoning requests and Planned Development Designation requests for Phase One to adjust the above referenced boundaries with the proposed lot line(s) as shown on the plat document.

STAFF REVIEW:

The subject property is part of proposed Lot 10 of the Tower Ridge Development. The southern two-thirds of the property is currently zoned General Commercial District with a Planned Development Designation. In addition, the South Robbinsdale Neighborhood Area Future Land Use Plan identifies the appropriate use of the southern two-thirds of the proposed lot as General Commercial with a Planned Commercial Development. Amending the Comprehensive Plan as proposed and approving a Planned Development Designation request for the north one-third of the lot will bring conformity to the zoning and the future identified land use of the proposed lot.

The Planned Development Designation will provide an opportunity to mitigate possible impacts on the existing and proposed residential neighborhood(s) located east of the subject property. In particular, traffic, lighting, noise and visual impact concerns must be addressed and mitigated as a part of the review for the Planned Commercial Development.

Staff notes that Comprehensive Plan Amendments do not require direct notification of neighboring property owners; however, South Dakota Codified Law requires that plan
