**No. 02SV006 - Variance to the Subdivision Regulations to allow sidewalks on one side of the street as per Chapter 16.16 of the Subdivision Regulations** **ITEM 50**

---

### RECOMMENDATION:

Staff recommends that the Variance to the Subdivision Regulations to allow sidewalks on one side of the street be **continued to the February 20, 2003 Planning Commission meeting at the applicant's request.**

### GENERAL COMMENTS:

**This item has been continued several times since the February 21, 2002 Planning Commission meeting at the applicant's request. This Staff Report has been revised as of November 8, 2002. All revised or added text is shown in bold print.**

The applicant has submitted a Variance to the Subdivision Regulations to allow a sidewalk along half of the cul-de-sac extending east from Holiday Lane. In addition, the applicant has submitted a Preliminary and Final Plat to subdivide the subject property into two lots leaving an approximate 24 acre non-transferable balance. (See companion item #02PL006.) The proposed lots will be 14.91 acres and 27 acres in size, respectively. Currently, a single family residence and a stable are located on the proposed 27 acre lot. The balance of the property is void of any structural development.

### STAFF REVIEW:

During the review of the Variance to the Subdivision Regulations, staff identified the following considerations:

Road Design: As identified in the associated Preliminary and Final Plat review, a Variance to the Subdivision Regulations was previously granted to allow a sidewalk along one side of Holiday Lane. Allowing a sidewalk along half of the cul-de-sac is consistent with the established design standards for Holiday Lane. The existing sidewalk is located along the north side of Holiday Lane. As such, the Engineering Division has indicated that the sidewalk must be located along the north half of the cul-de-sac.

Legal Notification Requirement: As of this writing, the receipts from the certified mailings have not been returned. Staff will notify the Planning Commission at the February 21, 2002 Planning Commission meeting if this requirement has not been met. Staff has not received any calls or inquiries regarding this proposal.

**The applicant has requested that this item be continued to the February 20, 2003 Planning Commission meeting due to prior commitments preventing him from attending the Planning Commission meeting(s). As such, staff is recommending that the Variance to the Subdivision Regulations be continued to the February 20, 2003 Planning Commission meeting as requested by the applicant.**
