Dear Rapid City Council Members -

We are writing you in regards to the variance request - File No.

0356027 -

We would like to request you waive the requirement to pave Hidden Valley Lane - It is puzzling to us as to why you are doing this as we are not even in the city limits, seems like a waste of money and a waste of the power companies time & money moving electrical poles. Trees, healthy trees, will have to be cut down - fire dept. has said no need for them to have this done, they can turn their trucks around as it is now. There is no more room for development out here - We are bordered by quarries, a farm, St. Martin's Academy - The homeowners all own our property and none of us have big enough lots to do any sub. dividing -

Please do not require the Bournes to pave this road -

Sincerely -
Darrell Miller - JoAnn Miller
