feet, a chord bearing of S81°21'53"E, and a chord distance of 83.08 feet, to the northwesterly corner of said Lot 11 of Block 6 of Auburn Hills Subdivision; thence eleventh course: S00°12'10"W along the westerly boundary of said Lot 11 of the Block 6 of Auburn Hills Subdivision, a distance of 183.43 feet, to the southwesterly corner of said Lot 11 of Block 6 of Auburn Hills Subdivision, and the Point of Beginning; said parcel contains 11.564 acres more or less

PROPOSED LEGAL DESCRIPTION	Tracts A and B, Auburn Hills Subdivision, located in the NW1/4 of SW1/4, Section 13, T2N, R7E, BHM, Rapid City, Pennington County, South Dakota
PARCEL ACREAGE	Approximately 11.564 acres
LOCATION	At the intersection of Chalkstone Drive and Auburn Drive
EXISTING ZONING	No Use District
SURROUNDING ZONING	
North:	No Use District
South:	No Use District
East:	Medium Density Residential District
West:	No Use District
PUBLIC UTILITIES	City sewer and water
DATE OF APPLICATION	08/28/2003
REPORT BY	Vicki L. Fisher

**RECOMMENDATION:**

Staff recommends that the Layout, Preliminary and Final Plat be continued to the October 23, 2003 Planning Commission meeting to allow the applicant to submit additional information.

**GENERAL COMMENTS:**

The applicant has submitted a Layout, Preliminary and Final Plat to subdivide the subject property into two lots leaving a non-transferable balance. In addition, the applicant has submitted a Rezoning request to change the zoning designation of the subject property from No Use District to Medium Density Residential District. (See companion item #03RZ037.)

On June 16, 2003, the City Council approved Preliminary and Final Plat #02PL037 to create 39 residential lots. In addition, a Master Plan was approved to create a 187 lot residential development to be known as Auburn Hills Subdivision. The subject property is identified as

---

Phase Two of the proposed development. The parcel is located at the western terminus of Auburn Drive and is currently void of any structural development.

STAFF REVIEW:

Staff has reviewed the Layout, Preliminary and Final Plat and has noted the following considerations:

Forty Dwelling Units: Currently, Auburn Drive serves as exclusive access to 39 residential lots. The proposed plat will result in 41 lots with one exclusive point of access. On August 16, 2000, the City Council approved an amendment to the Street Design Criteria Manual stating that "...a street shall not provide exclusive access to more than forty (40) dwelling units. A second street access shall be provided when more than forty (40) dwelling units are exclusively accessed from a street". As such, the plat document must be revised to create only one additional lot or a Special Exception must be obtained.

Auburn Drive: The previously approved Master Plan identifies the extension of Auburn Drive along the north lot line of the subject property. As such, construction plans for the road extension must be submitted for review and approval or a Variance to the Subdivision Regulations must be obtained. The Engineering Division has also indicated that the road construction plans must provide storm water improvements. In addition, a permanent turnaround must be provided at the western turnaround of Auburn Drive. The plat document must also be revised to dedicate right-of-way for the extension of Auburn Drive as it abuts the subject property. Staff is recommending that the Layout, Preliminary and Final Plat be continued to the October 23, 2003 Planning Commission meeting to allow the road issue to be addressed.

Collector Street/Section Line Highway: The Engineering Division has indicated that the Major Street Plan identifies a north/south collector road to be located in the section line highway along the west lot line of the subject property. As such, construction plans must be submitted identifying the construction of a collector road in the section line highway or a Comprehensive Plan Amendment to the Major Street Plan must be obtained.

As previously indicated, a north/south section line highway is located along the west lot line. Prior to City Council approval, the section line highway must be improved to City street standards or a Variance to the Subdivision Regulations must be obtained to waive the street improvements or the section line highway must be vacated. The southern portion of the east half of the section line highway is located on an adjacent property under different ownership from the subject property. The Subdivision Regulations states that "...where there exists a dedicated or platted half-street adjacent to the tract to be subdivided, the other half shall be platted. No new half-streets shall be permitted". Vacating only that portion of the section line highway located on the subject property will create a half-street. As such, the entire section line highway must be vacated requiring that the adjacent property owner sign a vacation of section line highway document. Staff is recommending that the Layout, Preliminary and Final Plat be continued to the October 23, 2003 Planning Commission meeting to the road issue to be addressed.
