STAFF REVIEW:      The applicant has requested a meeting with the Future Land Use Committee to consider the change in land use from General Agriculture land use(s) to General Commercial land use(s) and the requested rezoning of the property from No Use District to General Commercial District. The Future Land Use Committee **met** on October 16, 2003. **The Future Land Use Committee felt that the General Commercial land use(s) for this portion of the property is appropriate with a Planned Development Designation to coincide with the General Commercial with a Planned Development Designation land use(s) located east of this property and adjacent to U.S. Highway 16. Staff recommends that the rezoning of this property be continued until November 6, 2003 to allow the rezoning to be considered in conjunction with an Amendment to the Comprehensive Plan and a Planned Development Designation.**

**The required rezoning sign has been posted on the property and the receipts from the certified mailing have been returned. Staff has not received any written comments or verbal questions concerning the proposed rezoning at the time of this writing.**
