**No. 03RZ049 - Rezoning from General Agriculture District to Medium Density Residential District** **ITEM 35**

---

East:	Medium Density Residential District
West:	Office Commercial District
PUBLIC UTILITIES	To be extended
DATE OF APPLICATION	11/07/2003
REPORT BY	Karen Bulman

**RECOMMENDATION:** Staff recommends that the Rezoning from General Agriculture District to Medium Density Residential District be continued to the December 18, 2003 Planning Commission meeting to be heard in conjunction with the Preliminary and Final Plat.

**GENERAL COMMENTS:** The applicant is requesting to rezone approximately 1.792 acres located at the northeast corner of Harmony Heights Lane and Plaza Boulevard. The property is currently zoned General Agriculture District. The properties located north and west of the subject property are zoned Office Commercial District. The property located to the east is zoned Medium Density Residential District. The property located to the south is zoned General Agriculture District. An application for a Planned Development Designation (03PD058), an Amendment to the Comprehensive Plan to change the future land use designation from Park Forest to Medium Density Residential with a Planned Residential Development (03CA041) and a Preliminary and Final Plat (03PL112) have been submitted in conjunction with this rezoning request.

**STAFF REVIEW:** Staff has reviewed this proposed rezoning for conformance with the four criteria for review of zoning map amendments established in Section 17.54.040(D)(1). A summary of Staff findings are outlined below:

1. *The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected or in the City in general.*

The subject property is zoned General Agriculture District, following annexation in 1982. Since then, adjacent properties have been developed into office commercial uses and recently into multi-family residential uses. As conditions have changed substantially through development in the area, this proposed amendment may be appropriate.

2. *The proposed zoning is consistent with the intent and purposes of this ordinance.*

Properties located north and west of the subject property are zoned Office Commercial District. The property located east of the subject property is zoned Medium Density Residential District. The property located south of the subject property is zoned General Agriculture District. The property is adjacent to Plaza Boulevard on the west, Harmony Heights Lane on the south and Sunny Springs Road on the east. The property in question is in a transitional area. Either Office Commercial or Medium Density Residential zoning may be appropriate at this location.

## STAFF REPORT

---

3. *The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such an amendment.*

Currently there are over 300 dwelling units accessing Harmony Heights Lane. A second point of access from Sunny Springs Road will be needed prior to further development of the subject property. Upon completion of Sunny Springs Road, there would not appear to be any adverse affect that would occur as a result of the amendment.

4. *The proposed amendments shall be consistent with and not conflict with the Development Plan of Rapid City including any of its elements, Major Street Plan, Land Use Plan, and Community Facilities Plan.*

The Comprehensive Plan identifies the subject property, and the surrounding properties, as appropriate for Park Forest land use(s). An amendment to the Comprehensive Plan to change the land use on the subject property from Park Forest to Medium Density Residential (03PD058) has been submitted in conjunction with this rezoning. If the Comprehensive Plan Amendment is approved, the proposed use will be consistent with the adopted plan.

Staff recommends that the request to rezone this property from General Agriculture District to Medium Density Residential District be continued to the December 18, 2003 Planning Commission meeting to allow the request to be considered in conjunction with the associated plat.

As of this writing, the sign has been posted on the property, but the receipts from the certified mailing have not been returned. Staff will notify the Planning Commission if these requirements have not been met. Staff has received no inquiries or objections regarding this request.
