Re: Proposed stop signs at intersection of West/Columbus Streets

Dear Council Members,

In response to a citizen request for stop signs at the intersection of West Street and Columbus Street, City staff has evaluated the intersection and agree that it warrants traffic control signage. The existing intersection (shown on attached file), has no stop or yield signs.

I propose placing stop signs on Columbus Street (both east and west legs). Pursuant to Rapid City Ordinance 10.12.120, the placing of a stop sign at an existing intersection requires the approval of the City Council.

Respectfully,

Douglas Adelman
Traffic Engineer
