SURROUNDING ZONING	
North:	Medium Density Residential District w/Planned Residential Development
South:	Park Forest District
East:	Park Forest District
West:	Medium Density Residential District w/Planned Residential Development
PUBLIC UTILITIES	City sewer and water
DATE OF APPLICATION	11/05/2003
REPORT BY	Vicki L. Fisher

RECOMMENDATION:

Staff recommends that the Rezoning from Park Forest District to Low Density Residential II District be **approved in conjunction with the Comprehensive Plan Amendment to the Long Range Comprehensive Plan and an Initial Planned Residential Development.**

GENERAL COMMENTS:

**This item has been continued twice since the December 4, 2003 Planning Commission meeting to allow the applicant to submit an Initial Residential Development Plan. This Staff Report has been revised as of February 23, 2004. All revised and/or added text is shown in bold print.** The applicant has submitted a Rezoning request to change the zoning designation on a 14.92 acre parcel from Park Forest District to Low Density Residential II District. The applicant has also submitted a

### No. 03RZ047 - Rezoning from Park Forest District to Low Density Residential II District ITEM 10

---

Comprehensive Plan Amendment to change the future land use designation of the subject property from Park Forest to Low Density Residential II with a Planned Residential Development. In addition, the applicant has submitted a Planned Development Designation for the property. (See companion items #03CA040 and 03PD057.)

On April 21, 2003 the City Council approved a Preliminary and Final Plat to subdivide approximately 65 acres into three lots. The Preliminary and Final Plat included the subject property. The City Council also approved a Variance to the Subdivision Regulations to waive the requirement to improve the bulb of the cul-de-sac at the eastern terminus of Holiday Lane and to allow a sidewalk on one side of Holiday Lane. On February 6, 2003, the Planning Commission approved a Planned Development Designation for the subject property.

The applicant has indicated that in the future an Initial and Final Planned Residential Development will be submitted to create a 20 dwelling unit residential development. The proposed residential development will include townhomes and one four-plex unit. **On February 6, 2004, the applicant submitted an Initial Planned Residential Development to allow 19 townhome lots and one single family residential lot on the subject property. (See companion item #04PD006.)**

#### STAFF REVIEW:

Staff has evaluated the proposed rezoning as it relates to the four criteria for the review of the zoning map amendments. A summary of Staff findings is outlined below:

- 1. The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and district affected, or the City in general.***

The property is currently zoned Park Forest District requiring a minimum lot size of three acres. The Fairway Hills Planned Residential Development is located directly south of the subject property and is currently developed as a single family and multi-family development. The applicant is proposing to develop the subject property with similar characteristics and densities. Sheridan Lake Road is located west of the subject property and is a significant north-south arterial connection. It is anticipated that this will be an area of the community that will experience continued growth and development in the immediate and foreseeable future. The proposed Initial Planned Commercial Development will serve as a tool to mitigate any negative impact the residential development may create and to address issues relating to traffic concerns, street improvements, utility extensions and drainage concerns specific to the property.

- 2. The proposed zoning is consistent with the intent and purposes of this ordinance.***

According to the Zoning Ordinance, the Low Density Residential District II is intended "to provide a slightly higher population density, but with basic restrictions similar to Low Density Residential District I. The principal use of land is for single family and

---

two family residential dwellings and related recreational, religious and educational facilities normally required to provide a balanced and attractive residential area". Low Density Residential II development at this location will provide a buffer between the proposed medium density residential development located south of the subject property and any future single residential development located north of the property.

- 3. The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such amendment.*

Staff does not believe that rezoning this property will result in any adverse impacts if approved in conjunction with the associated Initial Planned Residential Development. The additional review provided by an Initial and Final Planned Residential Development process will insure that any possible adverse impacts are adequately mitigated as a part of the development of the site.

- 4. The proposed amendments shall be consistent with and not in conflict with the development plan of Rapid City including any of its elements, major road plan, land use plan, community facilities plan, and others.*

The applicant has submitted a Comprehensive Plan Amendment to the City's Long Range Comprehensive Plan to change the appropriate land use designation from Park Forest to Low Density Residential II with a Planned Residential Development.

The receipts from the certified mailings have been returned and the sign has been posted on the property. As of this writing, staff has not received any calls or inquiries regarding this proposal.
