**No. 04CA008 - Amendment to the Comprehensive Plan to change the future land use designation on a 16.127 acre parcel from General Agriculture to Public** **ITEM 56**

---

GENERAL COMMENTS: This undeveloped property contains approximately 16.127 acres and is located along the east boundary of North Elk Vale Road north of U.S. Interstate 90. Upon approval of the related annexation, this property will be zoned No Use District.

In addition to this Amendment to the Comprehensive Plan, the applicant has submitted fifteen companion applications including: A Petition to Annex, Preliminary Plat, Subdivision Variance, five Rezoning applications, three Planned Development applications, and four Comprehensive Plan Amendments (See companion items: 04PL020, 04SV014, 04AN002, 04RZ008, 04PD014, 04RZ009, 04CA006, 04PD015, 04RZ010, 04CA007, 04RZ011, 04CA005, 04RZ012, 04CA009, and 04PD016).

STAFF REVIEW: The adopted Comprehensive Plan is a framework within which development and rezoning proposals are measured and evaluated. The plan is intended to guide the orderly growth of the community. In order for the plans to remain viable and to keep pace with a changing market place, periodic adjustments to reflect changing conditions will be required.

The Comprehensive Plan identifies the subject property as appropriate for general agriculture land use(s). The applicant is proposing to annex the subject property and subsequently, develop the property with a mix of uses as well as extend City sewer and water to the site. On February 13, 2004, the Future Land Use Committee met to review the proposal for Elk Vale Park, a development that includes approximately 140 acres. As the City continues to expand, new areas of development for residential and commercial uses are needed. Elk Vale Park includes a mobile home park, a commercial area, a light industrial area, and a public area. The public area is identified to be the location of a minimum security detention facility. Due to the existing and proposed surrounding land uses, the Future Land Use Committee recommended approval of an Amendment to the Comprehensive Plan to change the land use on the subject property from General Agriculture to Public.

The Future Land Use Committee recommends that the Amendment to the Comprehensive Plan to change the land use designation on a 16.127 acre parcel from General Agriculture to Public be approved.

As of this writing, the required sign has not been posted on the property and the receipts from the certified mailing have not been returned. Staff will notify the Planning Commission at the March 25, 2004 Planning Commission meeting if these requirements have not been met. Staff has received no inquiries or objections regarding the proposed request at the time of this writing.
