## RECOMMENDATION:

Staff recommends that the Layout Plat be denied without prejudice at the applicant's request.

## GENERAL COMMENTS:

The applicant has submitted a Layout Plat to subdivide a portion of a 61.75 acre development creating 42 townhome lots and leaving a 49.32 acre unplatted balance. In addition, the applicant has submitted a Rezoning request to change the zoning designation of the subject property from Low Density Residential Density to Low Density Residential District II. The applicant has also submitted a Major Amendment to an Initial Planned Residential Development to allow the townhome development in lieu of a single family residential development. (See companion items #04RZ006 and 04PD010.)

On July 7, 2001, the City Council approved an Initial Planned Residential Development to allow for a mixed residential development on a 61.75 acre parcel, including the subject property. In particular, the Initial Planned Residential Development identified 21 single family residences to be located on the subject property.

The subject property is located at the eastern terminus of Pevans Parkway and is a part of the Skyline Pines East Development. Currently, the subject property is void of any structural development.

## STAFF REVIEW:

On March 17, 2004, the applicant indicated that the proposed development of the subject property may be substantially revised. In addition, a revised legal description will be submitted as a part of a subsequent Layout Plat request. As such, the applicant has requested that this Layout Plat be denied without prejudice. Staff is recommending that the Layout Plat be denied without prejudice as requested by the applicant.
