No. 04RZ012 - Rezoning from No Use District to Mobile Home Residential District **ITEM 60**

Designation and the related Comprehensive Plan Amendment.

GENERAL COMMENTS: This undeveloped property contains approximately 64.333 acres and is located along the east boundary of North Elk Vale Road north of U.S. Interstate 90. Upon approval of the related annexation, this property will be zoned No Use District.

In addition to this Rezoning application, the applicant has submitted fifteen companion applications including: A Petition to Annex, Preliminary Plat, Subdivision Variance, four Rezoning applications, three Planned Development applications, and five Comprehensive Plan Amendments (See companion items: 04PL020, 04SV014, 04AN002, 04CA005, 04PD014, 04RZ009, 04CA006, 04PD015, 04RZ010, 04CA007, 04RZ011, 04CA008, 04RZ008, 04CA009, and 04PD016).

STAFF REVIEW: Staff has reviewed this proposed rezoning for conformance with the four criteria for review of zoning map amendments established in Section 17.54.040(D)(1). A summary of Staff findings are outlined below:

1. *The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected or in the City in general.*

A voluntary annexation of the subject property (04AN002) has been submitted in conjunction with this Rezoning application. All annexed lands are temporarily placed in the No Use Zoning District. The annexation of the property constitutes the changing condition requiring rezoning of the property.

2. *The proposed zoning is consistent with the intent and purposes of this ordinance.*

Mobile Home Residential Zoning District is intended to provide a district in which mobile homes may be located upon individually owned lots without adverse effects upon property values or the safety of the community or the occupants of the mobile homes. As the City grows, new areas must be developed for residential homes. This area will meet the needs of the community for expanded residential development. Based on the surrounding properties existing and proposed land uses, the proposed mobile home development should not adversely affect property values. The subject property is located adjacent to North Elk Vale Road, a principal arterial road on the City's Major Street Plan. The increased residential traffic will be addressed through a Planned Residential Development. An application for a Planned Development Designation (04PD016) has been submitted in conjunction with this Rezoning. Rezoning the property Mobile Home Residential District appears to be appropriate.

3. *The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such an amendment.*

Staff is unaware of any significant adverse effects that will result from the proposed rezoning. The subject property is located in the 100 year federally designated floodplain.

No. 04RZ012 - Rezoning from No Use District to Mobile Home Residential District **ITEM 60**

Future development of the property will require compliance with the City's flood area regulations, Chapter 15.32 of the Rapid City Municipal Code. The Planned Development Designation recommended as a stipulation of approval will provide additional protections for surrounding land uses.

4. *The proposed amendments shall be consistent with and not conflict with the Development Plan of Rapid City including any of its elements, Major Street Plan, Land Use Plan, and Community Facilities Plan.*

The Future Land Use Committee met on February 13, 2004 and recommended an Amendment to the Comprehensive Plan to change the land use on the subject property from General Agriculture land use to Mobile Home Residential land use with a Planned Residential Development. If the related Amendment to the Comprehensive Plan (04CA009) is approved, rezoning this property from No Use District to Mobile Home Residential District with the related Planned Development Designation will be consistent with the adopted Comprehensive Plan.

As of this writing, the required rezoning sign has not been posted on the property and the receipts from the certified mailing have not been returned. Staff will notify the Planning Commission at the March 25, 2004 Planning Commission meeting if these requirements have not been met. Staff has received no inquiries or objections regarding the proposed rezoning at the time of this writing.
