July 7, 2004

City Council Agenda Item

RE: **Request for Assignment of Street Names- Lange Road Relocation Project-**

This project is a joint South Dakota DOT, City of Rapid City, and Developer Project that has previously received Council approval for construction. Two new public streets currently under construction must be named and signed prior to opening for the public use.

SEE ATTACHED EXHIBIT

The current schedule calls for opening of the new streets in time for the '04 Sturgis rally when this area of the City will experience a very high concentration of traffic.

The proposed names that have been cleared with 911 Dispatch and the adjacent property owners are:

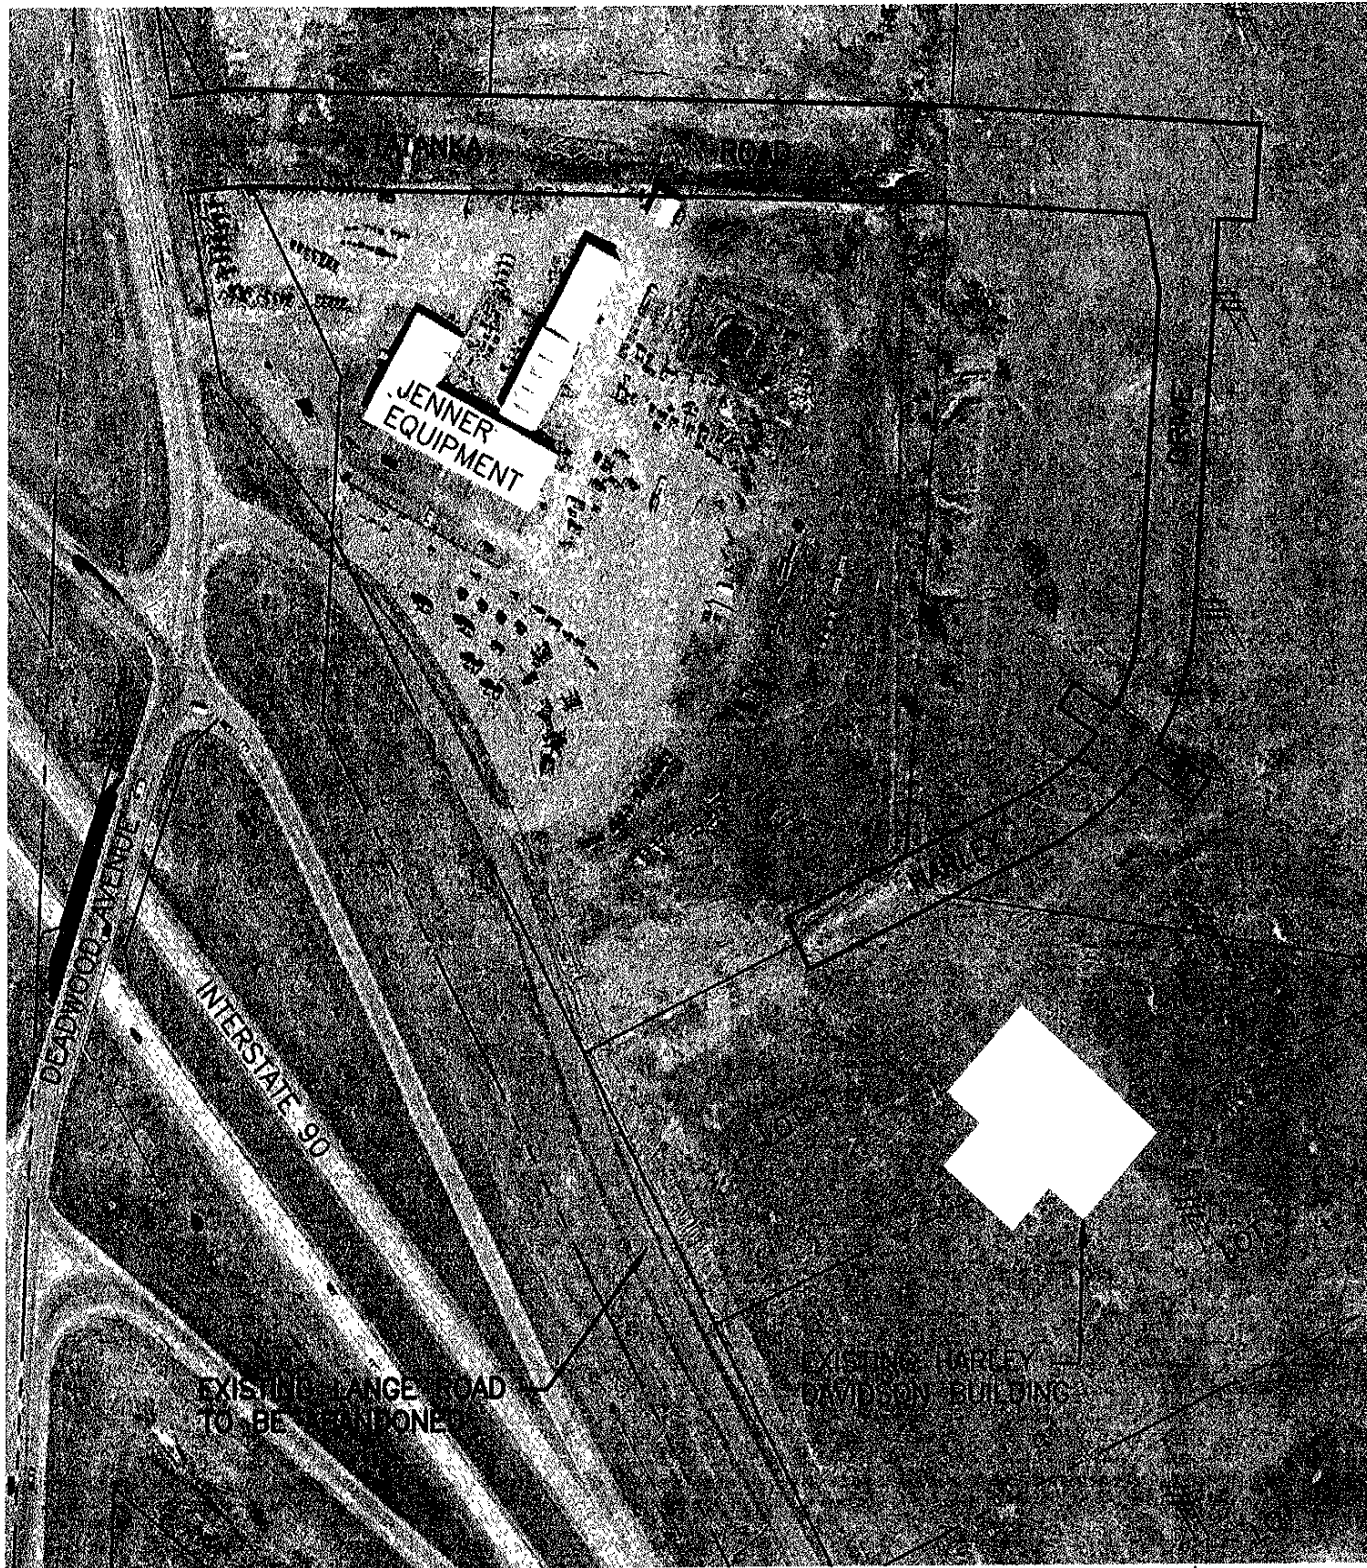

**TATANKA ROAD** (east-west road connecting to Deadwood Ave.)

**HARLEY DRIVE** (local street that will terminate at the Harley Davidson Store)
