**No. 04CA029 - Amendment to the Comprehensive Plan to change a
Minor Arterial Street to a Collector Street on the Major Street Plan**

ITEM 19

GENERAL INFORMATION:

PETITIONER	Dream Design International, Inc.
REQUEST	No. 04CA029 - Amendment to the Comprehensive Plan to change a Minor Arterial Street to a Collector Street on the Major Street Plan
EXISTING LEGAL DESCRIPTION	W1/2 SE1/4 and SE1/4 SE1/4 of Section 35, T1N, R7E, BHM, Pennington County, South Dakota
PARCEL ACREAGE	Approximately 120 acres
LOCATION	East of South Highway 16 and south of Sammis Trail
EXISTING ZONING	Planned Unit Development (County)
SURROUNDING ZONING	
North:	Limited Agriculture District (County)
South:	Planned Unit Development (County)
East:	General Agriculture District (County)
West:	General Agriculture District (County)
PUBLIC UTILITIES	City water and Community sewer
DATE OF APPLICATION	06/25/2004
REVIEWED BY	Vicki L. Fisher / Sig Zvejnieks

RECOMMENDATION:

Staff recommends that the Amendment to the Comprehensive Plan to change a Minor Arterial Street to a Collector Street on the Major Street Plan be **denied**.

GENERAL COMMENTS:

(Update July 26, 2004. All revised and/or added text is shown in bold print.) This item was continued at the July 22, 2004 Planning Commission meeting to be heard in conjunction with the US Highway 16 Future Land Use Plan as well as the associated Rezoning request.

The applicant has submitted a Comprehensive Plan Amendment to the Major Street Plan to change the classification of a minor arterial street to a collector street located on the above legally described property. The applicant has submitted a Layout Plat to subdivide a 120 acre parcel into 301 residential lots to be known as Hyland Park Subdivision. In addition, the applicant has submitted a Variance to the Subdivision Regulations to waive the requirement to install pavement, curb, gutter, street light conduit, water and sewer along a portion of Sammis Trail, to waive the requirement to dedicate additional right-of-way along a portion of Sammis Trail and to allow lots twice as long as they are wide. The applicant has

also submitted a Petition for Annexation request to annex the subject property. In addition, the applicant has submitted a Rezoning request to change the zoning designation of the subject property from No Use District to Low Density Residential District with a Planned Development Designation. (See companion items #04PL097, 04SV042, 04AN009, 04RZ037, 04CA029 and 04PD040.)

The property is located east of US Highway 16 and south of Sammis Trail and is currently void of any structural development.

STAFF REVIEW:

Staff has reviewed the Amendment to the Comprehensive Plan to change a minor arterial street to a collector street on the Major Street Plan and has noted the following considerations:

Future Land Use Plan: The US Highway 16 Corridor Future Land Use Plan will be considered at the August 5, 2004 Planning Commission meeting. Staff has noted that the proposed adjacent future land use(s) assist in determining the associated road classifications and design standards for this area. As such, staff is recommending that the Comprehensive Plan Amendment to the Major Street Plan be continued to the August 5, 2004 Planning Commission meeting to be heard in conjunction with the US Highway 16 Corridor Future Land Use Plan.

The draft US Highway 16 Corridor Future Land Use Plan identifies the subject property as appropriate for Low Density Residential District with a Planned Residential Development. In addition, the associated Layout Plat proposes to subdivide the subject property into 301 residential lots which will generate approximately 3,600 average daily trips (ADT) along the proposed street.

The Street Design Criteria Manual states that an arterial street is to serve the highest traffic volume corridors and major centers of activity. In addition, the Street Design Criteria Manual states that a collector street collects traffic from other minor streets and channels it into the arterial street system. The Major Street Plan identifies the future connection of this street from US Highway 16 to Lower Spring Creek Road, significantly increasing traffic along the street upon completion. As such, the street will function as an arterial street and not a collector street requiring that it be constructed accordingly with adequate right-of-way provided for future improvements. Staff is recommending that the Amendment to the Major Street Plan to change a minor arterial street to a collector street on the Major Street Plan be denied.

Legal Notification Requirement: The receipts from the certified mailings have been returned. Staff has received several calls of inquiry regarding this proposal. Most of the callers have indicated opposition to this request.
