**RE: Concrete Work at 600 6<sup>th</sup> St**

Dear Terry:

Recently, we have been discussing the concrete work you did for us in December 2002 at the above referenced location. As you know, the City of Rapid City rejected this concrete and you reimbursed Montana-Dakota Utilities Co. (MDU) the \$2,323.50 that we had paid you for the job.

MDU settled this matter with the City by paying them to use their own contractor to replace the rejected concrete. Part of this payment was for the concrete work you had done.

You mentioned during our telephone conversation that the City was considering refunding the money paid to them by MDU for concrete replacement if they decided the workmanship was acceptable and the concrete remained in service. MDU has no objections if the City refunds \$2,323.50 directly to you.

Sincerely,

Jim Mann, P.E.  
Region Gas Superintendent
