Public Works Committee/Council

RE: Request Authorization to Seek Proposals for Engineering Services for Project ST04-1063 – Sedivy Lane Reconstruction, CIP #50125

Staff proposes to re-construct two blocks of Sedivy Lane from East Saint Patrick Street north to just north of the East Andrews Street intersection to replace an undersized, aging, and failing water and sewer main and to reconstruct badly damaged street and curb and gutter. This area is adjacent to several parcel delivery business with significant truck traffic and is experiencing severe aligatored and rutted asphalt pavement.

This project consists of new 8" PVC water main, new 8" PVC sewer main, new service lines and new curb and gutter with new PCC pavement.

Funding for this project is as follows:

Streets fund	#505 8910 4370	\$200,000.00
Drainage fund	#505 8911 4371	\$ 25,000.00
Sewer fund	#604 833 4380	\$ 25,000.00
Water fund	#602 933 4381	<u>\$ 25,000.00</u>
For a total budget (including design) of:		\$275,000.00

Staff proposes to bid and construct this project in 2005.

Joe Jagodzinski, PE  
Project Manager
