GENERAL COMMENTS: (March 11, 2005 Update) This item was continued at the **February 10, 2005 Planning Commission meeting to allow time for a neighborhood meeting with the land owners in the area to discuss the future development and the proposed future increase in density in the area.**

On March 5, 2005 the applicant submitted a letter withdrawing the Rezoning request. As such, staff recommends that the Planning Commission acknowledge the applicant's request to withdraw the application.

STAFF REPORT
March 24, 2005

No. 04RZ064 - Rezoning from Low Density Residential District to Low Density Residential-II District **ITEM 27**

(This Staff Report was revised on February 1, 2005. All revised and/or added text is shown in bold text.) This item was continued at the January 27, 2005 Planning Commission meeting to allow time for the Future Land Use Committee to comprehensively evaluate the feasibility of increased density throughout the area. On January 21, 2005 the Future Land Use Committee directed staff to arrange a neighborhood meeting with the land owners within the area to determine if increased density in the area is acceptable. Staff has organized a neighborhood meeting, with the area land owners, to be held on March 3, 2005 to discuss the future development and the proposed future increase in density in the area.

The subject property is located at the northeast corner of Mac Arthur Street and Wood Avenue. The subject property is currently zoned Low Density Residential. The property is located adjacent to Low Density Residential properties to the north, south, east and west. There are some Medium Density Residential properties located diagonally across the intersection of Mac Arthur Street and Wood Avenue from the subject property. The applicant is requesting the property be rezoned from Low Density Residential to Low Density Residential II. The Comprehensive Plan and the North Rapid Neighborhood Area Future Land Use Plan identify the subject property as appropriate for Low Density Residential development. The applicant has also submitted a request to amend the North Rapid Neighborhood Area Future Land Use Plan from Low Density Residential to Low Density Residential II (04CA069). Staff recommends that the Rezoning request be continued to the February 10, 2005 Planning Commission meeting to allow time for the Future Land Use Committee to comprehensively evaluate the feasibility of increased density throughout the area.

Staff is recommending that the Rezoning request be continued to the March 24, 2005 Planning Commission meeting to allow time for a neighborhood meeting with the land owners in the area to discuss the future development and the proposed future increase in density in the area.

Staff recommends that the Planning Commission acknowledge the applicant's request to withdraw the Rezoning request application.
