November 1, 2005 Public Works Committee Agenda Item 24

The Rapid City Landfill requests authorization to spend approximately \$188,000 for 6,500 feet of perimeter fencing, 1,500 feet of 20 foot litter control screen, one wind monitoring device, and landscape improvements, including trees and irrigation. These expenditures will be paid from the landfill reserve fund and are a necessary element of the new litter control plan.
