## **Weed and Seed Grant follow up:**

### **1. Population of students in the Weed and Seed Area:**

- Total enrollment Oct 3, 2005 (Official fall enrollment count) 297 students
- Students in Weed and Seed Area: 138
- Percentage 46%

This is a moving target because as of 10/28/05 we have had 105 student withdrawals and 195 student enrollments.

### **2. Mustang Moolah**

General Beadle's Mustang Moolah is an incentive plan to reduce absenteeism and tardies. One of the areas that we are held accountable for under "No Child Left Behind" legislation" is attendance. We need to maintain a 94% or better attendance rate. Two years ago we started Mustang Moolah in an attempt to improve attendance. In the past two years we have exceeded the 94% attendance goal.

The program consists of students earning one Mustang Dollar a day for each day they come to school. If they have perfect attendance for a week they get an additional five dollars for a total of 10 dollars a week. Students then can use their Mustang Moolah they earned to shop at the General Beadle Mustang Moolah store. They can buy things ranging from pencils and erasers to skateboards and bicycles. Mustang Moolah is fake money (See the attached samples) that can only be used at the General Beadle Mustang Moolah store.

#### **Pay Scale:**

- Dollar a day for attending school
- Five dollar bonus for a whole week perfect attendance (Total of 10 dollars a week)

#### **Fines:**

- Three tardies counts as one day absent (Loss of one Mustang dollar)
- Discipline referral to the office loss of a Mustang dollar
- Lost library books can also be paid for with Mustang dollars

### **3. How does this fight crime?**

Having kids come to school everyday fights juvenile crime in two ways. In the short term, students at school are not running around the neighborhood unsupervised. There is less gang related activity, less vandalism, and children are safer and not running the risk of being preyed upon by child predators. In the long term, students that come to school everyday go on to graduate from high school and college. High school and college graduates become gainfully employed and productive tax payers.
