MEMORANDUM

TO: Pennington County Commission
Rapid City Council

FROM: Marcia Elkins, ^{we} Director

DATE: December 8, 2005

RE: Request for Joint County Commsission –City Council Briefing

The Safe Drinking Water Committee has requested that staff contact the Pennington County Commission and the Rapid City Council regarding a joint meeting to brief the two governing bodies on their recommendations to protect the drinking water of the Rapid City area. The suggested date and time for the briefing is January 5, 2005 at 7 p.m. with the location to be determined upon confirmation of the date and time.

The Safe Drinking Water Committee felt that a joint briefing would insure that both the County Commission and City Council were fully informed about the Committee's recommendations. While the meeting would be legally noticed, no action on the Committee's recommendations would be requested.

Your consideration of the Safe Drinking Water Committees request and agreement to attend the briefing is greatly appreciated.
