RECOMMENDATION:

Staff recommends that the Rezoning from No Use District to Low Density Residential District be denied without prejudice.

GENERAL COMMENTS: **Staff recommends that the application be denied without prejudice to allow the legal description to be corrected.**

This property is a section line highway located just west of Auburn Hills Subdivision. It contains approximately one acre more or less, and is not developed. The subject property was annexed into the City of Rapid City effective September 4, 2005 (05AN008). Property located west of this property is not located in the corporate limits of the City and is zoned General Agriculture District. Property located east of the subject property is zoned Low Density Residential District. Property located south and north of the section line highway is zoned No Use District. Other

applications to rezone segments of this same section line highway are pending (06RZ068 and 06RZ070). A request to amend the Long Range Comprehensive Plan from Agriculture to Residential is also pending (06CA052) for this segment of road.

This rezoning request will change the present zoning for this property from "No Use" District to Low Density Residential District.

STAFF REVIEW:

Staff has reviewed this proposed rezoning for conformance with the four criteria for review of zoning map amendments established in Section 17.54.040(D)(1). A summary of Staff findings is outlined below:

1. *The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected or in the City in general.*

The subject property was annexed into the City on September 4, 2005. Upon annexation, the property was designated a "No Use" District. The property is just west of Auburn Hills Subdivision. The annexation of this property and the development occurring in Auburn Hills Subdivision constitutes the changing conditions that necessitate a change of zoning from No Use District to Low Density Residential District.

2. *The proposed zoning is consistent with the intent and purposes of this ordinance.*

The Low Density Residential Zoning District is intended to be used for single-family residential development with low population densities. The subject property is located in an area with active new residential development. The subject property is located adjacent to a Low Density Residential District. As development occurs, this section line highway will become street access for the area.

3. *The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such an amendment.*

The subject property is located adjacent to a Low Density Residential District. Water and sewer will be available to the subject property as development occurs. As development occurs, this section line highway will become street access for the area. Staff has not identified any significant adverse effects that would result by rezoning the subject property from No Use District to Low Density Residential District.

4. *The proposed amendments shall be consistent with and not conflict with the Development Plan of Rapid City including any of its elements, Major Street Plan, Land Use Plan, and Community Facilities Plan.*

The Long Range Comprehensive Plan identifies this area as appropriate for agriculture land uses, but an application to amend the Plan to make this area appropriate for residential land uses is pending (06CA052). Rezoning the subject property from No Use District to Low

Density Residential District does not appear to conflict with the Long Range Comprehensive Plan.

The required sign was posted on the property on December 13, 2006. The green card receipts from the certified mailing have not been returned. Staff will notify the Planning Commission at its meeting on January 4, 2007 if the receipts have not been returned prior to the meeting.

Staff recommends the application to rezone the subject property from No Use District to Low Density Residential District **be denied without prejudice to allow the legal description to be corrected.**
