Skyline PM: Gary Kuhl

General Contractor: J. Scull Construction

Please submit an itemized proposal for changes in the Contract Sum and Contract Time for proposed modifications to the Contract Documents described herein.

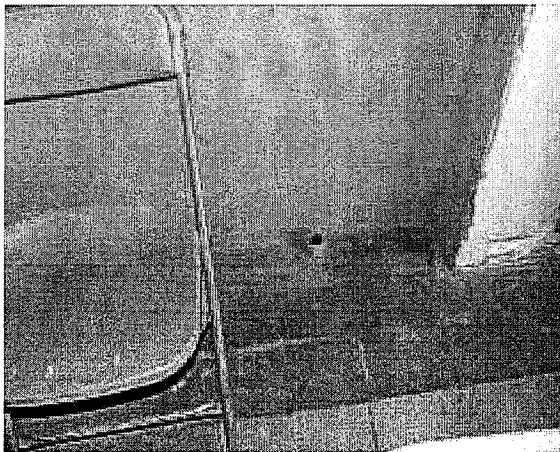

All work shall be in accordance with the most recent issue of the Drawings and Specifications.

THIS IS NOT A CHANGE ORDER, A CONSTRUCTION CHANGE DIRECTIVE OR A DIRECTION TO PROCEED WITH THE WORK DESCRIBED IN THE PROPOSED MODIFICATIONS.

Description:

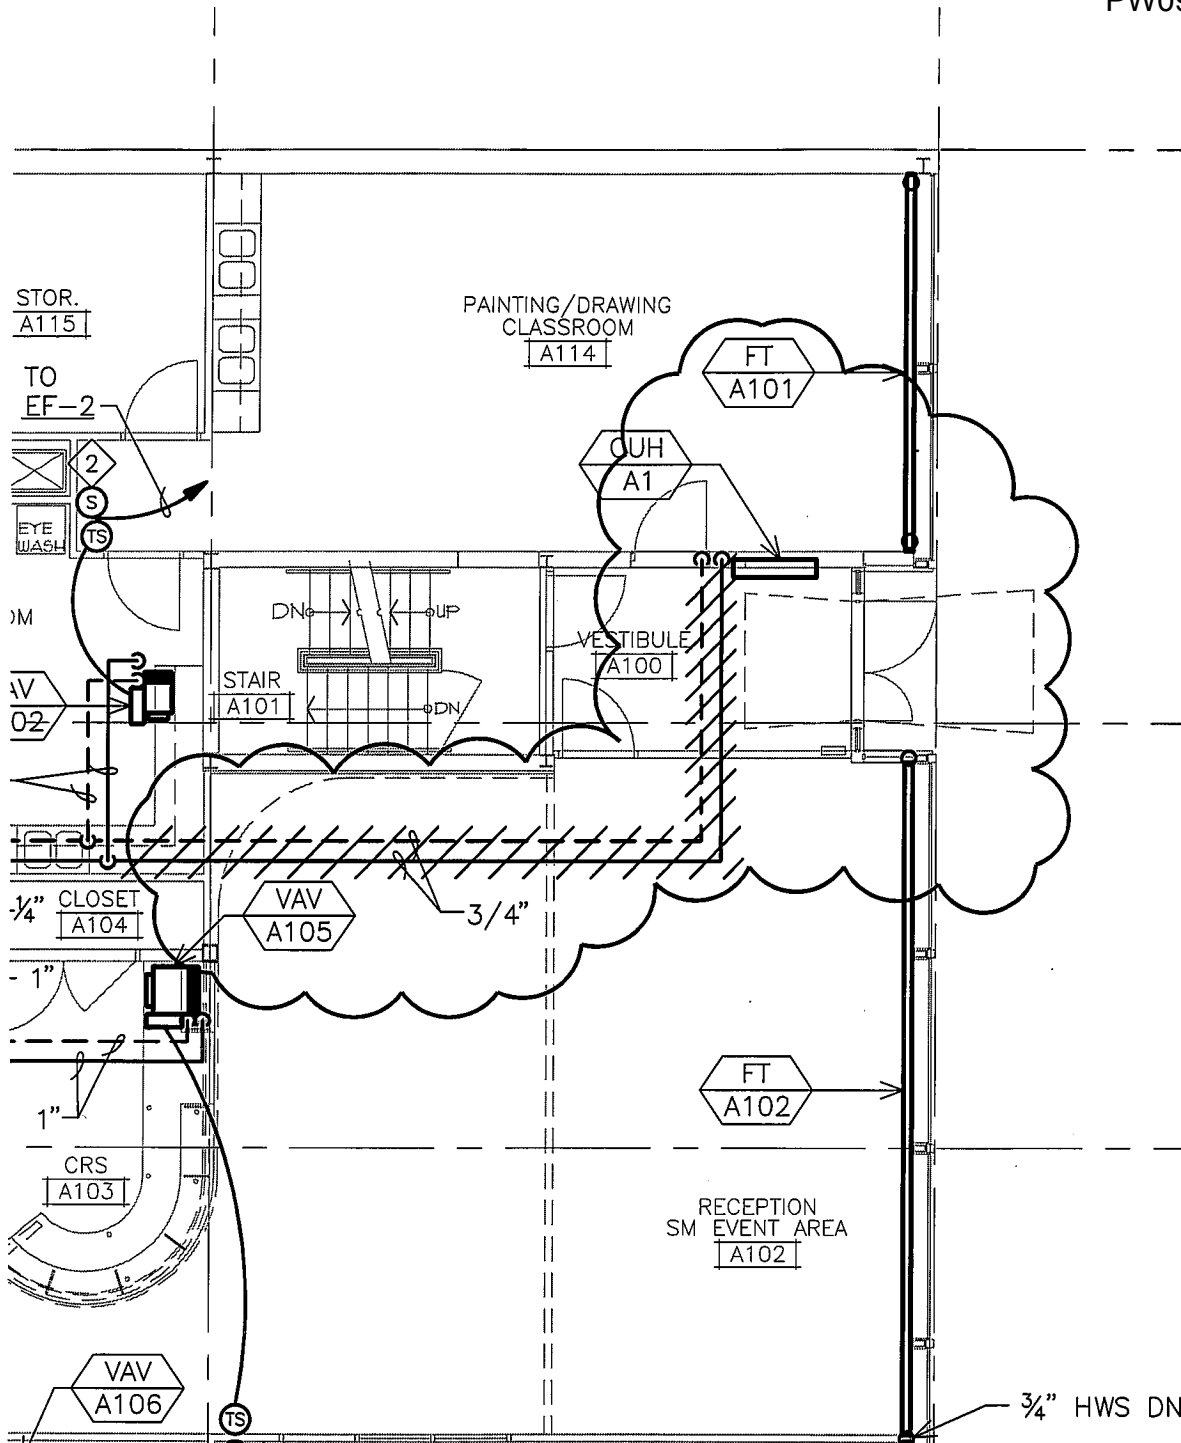

1. Delete HWS/HWR piping as shown on MS-1. Note that this piping was reduced to 3/4" size under ASI#1.
2. Add HWS/HWR piping in basement to supply CUH-A1 as shown on MS-2. Note that there is an existing pipe sleeve that indicates there will not be a conflict with the beam below (see photo).

Note that we anticipate a credit of approximately 60 linear feet of piping including insulation, pipe hangers, etc. with this change.

RE: Dahl Fine Arts Center
RFP - Time Extension Request

Dear Heather;

Per our original schedule, the site excavations and caissons should have been completed by now.

Unfortunately with the recent weather pattern, we are not unable to backfill with the extremely wet materials, nor are we able to mobilize the drilling rig.

Our revised schedule was to start drilling last Monday, however that hinged on our backfill being completed, and the site dry enough to work on.

To date, we are asking for an additional 5-day time extension.
Please feel free to contact me with any questions.

Thank you.

Cordially,

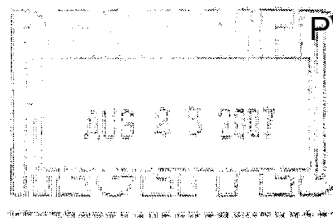

Danny Wegner

Re: Dahl Fine Arts Center

Dear Heather:

We have obtained the below listed data from the National Climate Data Center (NCDC).
(www.ncdc.noaa.gov/oa/ncdc.html)

The average precipitation over the last ten years is 1.80 inches.

The precipitation level for August 2007 is 4.62 inches.

The average weather days from 2002 thru 2005, with precipitation of .50 or more, are .75 days.

The average weather days to date, this August is 5 days.

These are the statistics. The reality is with the type of soils we are dealing with, each rain prohibits work for up to three days beyond the rain day.

Cordially,

Danny Wegner
Vice-President
