7.3 Applicability of Disclaimers and Limitations—Licensee agrees that the limitations of liability and disclaimers set forth in this License Agreement will apply regardless of whether Licensee has accepted the Software, Data, Web Services or Documentation or any other product or service delivered by LATITUDE. The parties agree that LATITUDE has set its prices and entered into this License Agreement in reliance upon the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

ARTICLE 8—INFRINGEMENT INDEMNITY

8.1 LATITUDE shall defend, indemnify, and hold harmless Licensee from and against any loss, liability, cost, or expense, including reasonable attorney's fees, which may be incurred by Licensee against any claims, actions, or demands by a third party alleging that the Software, Data, or Documentation infringes a U.S. or Canadian patent, copyright, or trademark provided

8.2 If LATITUDE believes that the Software, Data, or Documentation is or will become the subject of an infringement claim, or in the event that use of the Software, Data, or Documentation is enjoined, LATITUDE, at its own expense, may either (i) obtain the right for the Licensee to continue using the Software, Data, or Documentation or (ii) modify the Software, Data, or Documentation to make it noninfringing while maintaining substantially similar software functionality or data/informational content. If neither of such alternatives is commercially reasonable, the infringing items shall be returned to LATITUDE, the license shall terminate, and LATITUDE's sole liability shall be to indemnify Licensee pursuant to Article 8.1 and refund license fees paid by Licensee prorated on a five (5) year, straight line depreciation basis beginning from the initial date of delivery.

8.3 LATITUDE shall have no obligation hereunder to defend Licensee or pay any resulting costs, damages, or reasonable attorney's fees for or with respect to any claims, actions, or demands alleging (i) infringement that arises by reason of combination of noninfringing items, however acquired, with any items not supplied by LATITUDE; (ii) infringement to the extent arising from material alteration of the Software, Data, or Documentation by anyone other than LATITUDE, its agents, or its contractors; (iii) the direct or contributory infringement of any process patent by Licensee through the use of Software, Data, or Documentation other than a process patent that is necessarily infringed by the internal processes executed within the Software or Data itself when the Software or Data is executed for its intended purpose; (iv) continued allegedly infringing activity by Licensee after it has been notified of the possible infringement; or (v) continued allegedly infringing activity by Licensee to the extent it arises from failure of Licensee to use the updated or modified Software, Data, or Documentation provided by LATITUDE for avoiding infringement.
