DATE OF APPLICATION 10/8/2008

REVIEWED BY Travis Tegethoff / Karley Halsted

RECOMMENDATION:

Staff recommends that the Variance to the Subdivision Regulations to waive the requirement to install sidewalk along Clark Street, to waive the requirement to construct sewer, water, street light conduit, sidewalk, asphalt and curb and gutter along Fairview Street as per Chapter 16.16 of the Rapid City Municipal Code be continued to the November 20, 2008 Planning Commission meeting.

GENERAL COMMENTS: The applicant has submitted a Variance to the Subdivision Regulations to waive the requirement to install sidewalk along Clark Street, to waive the requirement to construct sewer, water, street light conduit, sidewalk, asphalt and curb and gutter along Fairview Street as per Chapter 16.16 of the Rapid City Municipal Code. In addition, the applicant has submitted a Layout Plat (#08PL136) to reconfigure two existing parcels and vacate a portion of Fairview Street right-of-way. There would be no increase in density resulting from the reconfiguration of the existing lots.

The property is located south of Clark Street and west of 12th Street. Currently, the property is void of structural development.

STAFF REVIEW: Staff has reviewed the Variance to the Subdivision Regulations and has noted the following considerations:

Clark Street: Clark Street is identified as a sub-collector street and must be located in a minimum 52 foot wide right-of-way and constructed with a minimum 27 foot wide paved surface, curb, gutter, sidewalk, street light conduit, sewer and water. Currently, Clark Street is located in a 60 foot wide right-of-way and constructed with a 27 foot wide paved surface, curb, gutter, street light conduit, sewer and water. However, sidewalk is not currently constructed along this portion of Clark Street. The applicant has submitted a Variance to the Subdivision Regulations to waive the requirement to install sidewalk along Clark Street per Chapter 16.16 of the Rapid City Municipal Code. However, it has been the position of the City Council that a sidewalk be provided as a part of the development of a site to insure pedestrian safety within our community. In order to provide a safe place for pedestrians to walk, staff is recommending the Variance to the Subdivision Regulations to waive the requirement to install sidewalk along Clark Street be denied.

Fairview Street: Fairview Street is identified as a sub-collector street and must be located in a minimum 52 foot wide right-of-way and constructed with a minimum 27 foot wide paved surface, curb, gutter, sidewalk, street light conduit, sewer and water. Currently, there are two separate right-of-ways platted for Fairview Street and both are undeveloped. The

**No. 08SV051 - Variance to the Subdivision Regulations to waive the requirement to install sidewalk along Clark Street, to waive the requirement to construct sewer, water, street light conduit, sidewalk, asphalt and curb and gutter along Fairview Street as per Chapter 16.16 of the Rapid City Municipal Code** **ITEM 28**

---

northern right-of-way for Fairview Street varies in width from approximately 100 feet to 60 feet and the southern right-of-way for Fairview Street appears to be 50 feet in width. The applicant has requested to vacate the northern portion of the Fairview Street right-of-way and has requested a Variance to the Subdivision Regulations to waive the requirement to construct sewer, water, street light conduit, sidewalk, asphalt and curb and gutter along Fairview Street as per Chapter 16.16 of the Rapid City Municipal Code. However, staff has noted that there has been a history of soil instability in the area and it might be more appropriate to vacate the entire Fairview Street right-of-way adjacent to this property instead of granting a Variance to the Subdivision Regulations if all adjacent properties have legal access. As such, staff recommends that this item be continued to the November 20, 2008 Planning Commission to allow staff meet with the applicant to discuss the alternative resolutions to the issues associated with both Fairview Street rights-of-way.
