The property is located south of Dean Lane approximately 200 feet west of Sturgis Road. The property will be a part of the proposed South Dakota Game, Fish and Parks Outdoor Campus West.

STAFF REVIEW: Staff has reviewed this proposed rezoning for conformance with the four criteria for review of zoning map amendments established in Section 17.54.040(D)(1). A summary of staff findings are outlined below:

1. *The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected or in the City in general.*

The State of South Dakota has recently purchased the property. Rezoning the property from General Commercial District to Public District appears to be appropriate based on the recent acquisition of the property by the State of South Dakota. The applicant has submitted companion zoning applications to rezone the entire site purchased by the State of South Dakota (#09RZ039, #09RZ040, #09RZ041).

2. *The proposed zoning is consistent with the intent and purposes of this ordinance.*

Land located north is zoned Mining and Earth Resources Extraction District. Land located west and south is zoned Low Density Residential District. Land east is zoned General Commercial District. The proposed amendment to change the zoning from General Commercial District to Public District will allow the public uses of the larger site to provide a transition between the residential uses adjacent to the property along the north, south and west and the mining and commercial uses located along and east of Sturgis Road.

3. *The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such an amendment.*

Staff has not identified any significant effects this amendment may have on any of the surrounding land uses or on public infrastructure.

4. *The proposed amendments shall be consistent with and not conflict with the Development Plan of Rapid City including any of its elements, Major Street plan, Land Use Plan and Community Facilities Plan.*

The Rapid City Comprehensive Plan for this area currently identifies the subject property as appropriate for general commercial land use(s) on the property. A Comprehensive Plan Amendment to change the land use from General Commercial land use(s) to Public land use(s) has been submitted in conjunction with this rezoning request (#09CA20). Upon approval of the Comprehensive Plan Amendment, rezoning the subject property from General Commercial District to Public District appears to be appropriate.

As of this writing, the sign has been posted on the property, but the receipts from the certified mailing have not been returned. Staff will notify the Planning Commission at the October 8,
