MEMORANDUM

From: Brad Solon, Building Official

To: Rapid City Planning Commission

Date: October 15, 2009

Subject: Rename a Portion of Century Road to Utica Street (09RD005)

This request is to rename a portion of Century Road to Utica Street. This previously dedicated right-of-way is located north of Century 21 Subdivision, north of East Anamosa Street and west of East North Street.

This right-of-way is currently developed and the roadway is gravel surfacing. The road does not provide access to any dwelling. The road provides access to a utility substation and other properties in the vicinity. This proposed change is necessary to coordinate the naming of the streets in the vicinity. A new portion of Century Road will continue southeast and cross East North Street. Changing the name of this portion of Century Road to Utica Street will eliminate duplicate road names.

Notification of the proposed change has been sent to adjacent property owners as of October 15, 2009.

Staff has received no adverse comments from the Emergency Services Communication Center staff, Rapid City Fire Department staff or the Police Department staff.

RECOMMENDATION: Staff recommends that the old portion of Century Road north of Century 21 Subdivision be changed to Utica Street.
