RE: Exception to Fence Height Requirements  
Design Criteria Exception to SDCM 5.2.3 & 5.2.4  
North Pinedale Reservoir  
Good Samaritan Society – St. Martin's Village  
Rapid City, SD

Dear Ali:

Please find attached the application and filing fee (\$25) for a fence height exception and for a design criteria exception from SDCM 5.2.3 and 5.2.4 for the above referenced project. The site plan with fence and access trail dimensions and layout was submitted with our 11-6-19 application on Nov. 13, 2009.

These exception requests are in alignment with the security and access goals reviewed by the City of Rapid City Water Department for this project. The adjacent property owners are the Owners of Record listed on the application. Their signature of the application should be sufficient acceptance in lieu of the white receipt and green card process detailed in the application instructions.

Please contact me or Jerry Foster if you have any questions or require additional information.

Sincerely,  
FMG, Inc.

Jason Pettyjohn, P.E.
