

August 10, 2004

*SERVICE CLUB LETTER*

*Dear:*

*The City of Rapid City is looking ahead to the third round of 2012 projects coming up in 2005. The City Council is looking for twenty-seven city residents to serve on one of three committees that will conduct public hearings and make recommendations to the full City Council. The committees are: Municipal Infrastructure, Civic Improvements and Economic Development. Each committee will have nine members and meet between October, 2004 and April, 2005. These broad-based committees will each have a chair and vice chair, conduct at least two public hearings and make a recommendation to the full City Council.*

*In our search for committee members, we would like to make a presentation to your service club and answer questions about the upcoming third phase of 2012. Since the committees will be appointed following our application deadline of September 15th, someone from the Mayor/City Council would be available to make a presentation to your club prior to that time. A copy of the application and information sheet is attached for your use.*

*If you are interested, please contact Kay Rippentrop at the Mayor's Office and she will schedule a presentation to your group.*

*Sincerely,*

*Jeff Partridge, Vice President  
Rapid City Council*
