

May 1, 2010

As resident(s) of the Mahoney Addition, I (we) are opposed to the changing of zoning from Low Density Residential District to the Medium Density Residential District. This area is already home to several such sites. It increases the traffic and hazards from said traffic to the children already living in this area. A lack of proper maintenance by the other sites has increased the amount of trouble for the other properties that adorn the properties (trash blowing around, fences falling down).

Print & sign Name below

Robert Hatch	Robert Hatch	222 Patton St.
