

- NOTES REGARDING CHANGES TO SITE DEVELOPMENT PLAN**
1. This drawing highlights proposed modifications to the previously submitted and approved Sheet C-2 Site Development and Parking Plan dated 8/10/06. Changes highlighted and described on this plan are other changes are proposed.
 2. The changes shown on this plan sheet show as built conditions as determined by a site survey. Site survey was performed per known plan changes only. The exact location and conditions of other improvements reflected on this plan have not necessarily been verified by site survey.
 3. The proposed 6' sidewalk connecting the southeast corner of the parking lot to the northeast entrance of the new building addition has not been constructed and is intended to be eliminated from the development plan.
 4. The proposed 6' sidewalk connecting the northwest parking lot to the northeast entrance to the building addition has been changed to a 4' wide sidewalk with a changed alignment as shown.
 5. The proposed 8' wide sidewalk connecting the northwest parking lot to the northeast entrance to the building addition has been changed to 6' wide and relocated as shown. The proposed disability accessible parking stalls have been relocated to conform with the changed sidewalk layout. The total number of parking stalls is unchanged from the original plan.
 6. A 45' x 60' enclosed and fenced playground is planned for the location shown southeast of the new building addition. A concrete sidewalk is planned to connect the playground to the southeast entrance to the building addition. This facility was partially constructed at the time of the survey and this drawing reflects the as built location.
 7. An 8' wide concrete sidewalk has been added to the north side of the building connecting the parking lot with accessible access users.
