The property was annexed into the City limits (#08AN011) effective June 4, 2009 and subsequently zoned No Use District. STAFF REVIEW: Staff has reviewed this proposed rezoning for conformance with the four criteria for review of zoning map amendments established in Section 17.54.010(D)(1). A summary of staff findings are outlined below:

1. *The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and district affected, or the City in general.*

A City initiated annexation of the property (#08AN011) was effective June 4, 2009. Per Section 17.26.020, all annexed lands are temporarily designated No Use District. The annexation of the property represents a changing condition that requires the rezoning of the property.

2. *The proposed zoning is consistent with the intent and purposes of this ordinance.*

The Mobile Home Residential Zoning District is intended to provide a district in which mobile homes may be located on individually owned lots without adverse effects upon property values or the safety of the community or the occupants of the mobile homes. The individual lot is located within an area of individually platted lots with mobile homes located on the adjacent lots to the north, east and west. Undeveloped agricultural land is located to the south. A mobile home is currently located on the lot. Due to the land uses of the adjacent properties, the rezoning of the property appears to be consistent with the intent and purposes of this ordinance.

3. *The proposed amendment will not adversely affect any other part of the City, nor shall any direct or indirect adverse effects result from such amendment.*

Access to the mobile home property is from South Valley Drive, a collector street on the Major Street Plan, and East Fairmont Street, a local street. Water and sewer services are provided by Rapid Valley Sanitary District. The property is located adjacent to existing mobile home residential land uses and undeveloped agricultural land. Staff has not identified any significant adverse impacts resulting from the requested rezoning.

4. *The proposed amendment is consistent with and not in conflict with the development plan of Rapid City, including any of its elements, major road plan, land use plan, community facilities plan, and others.*

The Southeast Connector Neighborhood Future Land Use Plan identifies the future use of the property as appropriate for Mobile Home Residential land use. Rezoning the subject property from No Use District to Mobile Home Residential is consistent with the adopted Comprehensive Plan.

Notification Requirement: The required sign has been posted on the property but, as of this writing, the receipts from the certified mailings have not been returned. Staff will notify the Planning Commission at the June 10, 2010 Planning Commission meeting if this requirement has not been met. Staff has received no inquiries or objections to the proposed
