ITEM 15

Plat be continued to the August 5, 2010 Planning Commission meeting.

(Update: June 12, 2010. All revised and/or added text is shown in bold print.) This item was continued at the June 10, 2010 Planning Commission meeting at the applicant's request. In particular, the applicant requested that this item be continued to the June 24, 2010 Planning Commission meeting in order to meet with staff to address on-going utility and access issues.

Staff subsequently met with the applicant to discuss the extension of utilities to the site, access options and the reconfiguration of the proposed lots to prevent creating irregular shaped lots. It was also discussed that if reconfiguring the plat results in lots with less than the minimum three acre lot size required within the Park Forest District, an Initial and Final Residential Development Plan could serve as the tool to allow the reduced lot size(s) contingent upon the average density complying with the requirements of the Park Forest District.

As of this writing, the information has not been submitted for review and approval. As such, staff recommends that the Preliminary Plat be continued to the July 22, 2010 Planning Commission meeting.

The applicant has submitted a Preliminary Plat to subdivide 10.891 acres into three lots. In addition, the applicant has submitted a Variance to the Subdivision Regulations (File #10SV009) to waive the requirement to install curb, gutter, sidewalk, streetlight conduit, water, sewer and additional pavement along Tower Road and Skyline Ranch Road and to waive the requirement to install curb, gutter, sidewalk, streetlight conduit, water, sewer and pavement along Hanks Drive as they abut the property.

On June 2, 2008, the City Council acknowledged the applicant's withdrawal of a Preliminary Plat (File #08PL052) to subdivide the property into two lots. In addition, the City Council acknowledged the applicant's withdrawal of a Variance to the Subdivision Regulations (File #08SV025) to waive the requirement to improve the adjacent streets.

On September 5, 2006, the City Council denied without prejudice a Preliminary Plat (File #06PL086) to subdivide the property into two lots at the applicant's request. In addition, the City Council denied without prejudice a Variance to the Subdivision Regulations (File #06SV038) to waive the requirement to improve the adjacent streets at the applicant's request.

The property is located in the northwest corner of the intersection of Tower Road and Skyline Ranch Road. Currently, Tract A is void of any structural development. Existing single family residences are currently located on proposed Tract B and proposed Tract C.

STAFF REVIEW:

The previously submitted Preliminary Plat(s) for the property were continued several times by the Planning Commission and the City Council to allow the applicant to address utility and access issues. However, the information was never submitted as requested and the applicant ultimately requested that the first Preliminary Plat application be denied without prejudice and withdrew the second Preliminary Plat application. The information was not

submitted as a part of this application. Subsequently, the applicant's agent has requested that this item be continued to the June 24, 2010 Planning Commission meeting in order to meet with staff to address the on-going utility and access issues.

Staff recommends that the Preliminary Plat be continued to the **August 5, 2010** Planning Commission meeting to allow the applicant to submit additional information for review and approval.
