MEMORANDUM

From: Brad Solon, Building Official

To: Rapid City Planning Commission

Date: November 8, 2010

Subject: Rename Portion of Century Road to Camden Drive (10RD004)

This request is to rename a portion of Century Road to Camden Drive. The previously dedicated right-of-way are located in Menard Subdivision and Anamosa Crossing Subdivision.

The right-of-way in Menard Subdivision is currently undeveloped and the right-of-way within Anamosa Crossing Subdivision is fully developed. Neither section of road provides access to any business or dwelling. A different portion of Century Road near Huffman Subdivision is being extended in a southerly direction, south of the On the Border restaurant. This proposed change is necessary to coordinate the naming of the streets in the vicinity and to avoid duplicate address ranges along the same road

Staff received no adverse comments from the Emergency Services Communication Center staff, Rapid City Fire Department staff or the Police Department staff.

RECOMMENDATION: Staff recommends that the proposed street located in the previously dedicated right-of-way named Century Road in Menard Subdivision be named Camden Drive and the portion of Century Road in Anamosa Crossing Subdivision be changed to Camden Drive.
