Public Works Committee/Common Council

RE: Request Authorization to Seek Proposals for Engineering Services for
WRF Pretreatment Improvements; Project No. WRF11-1928; CIP No. 50855

Staff proposes to obtain professional services for design and construction activities related to pretreatment improvements at the City's Water Reclamation Facility (WRF). Components of the pretreatment system at the WRF have or will soon reach the end of their useful life. Staff proposes to hire an engineering consultant to evaluate component replacement and improvement options, develop design plans and specifications, and provided construction phase services for the WRF Pretreatment Improvements.

The project will be funded using the currently approved Water Reclamation Facility SRF Loan. The project budget is \$890,000.00.

Staff proposes to design the project in 2011 and construct the project in 2012.

A handwritten signature in black ink, appearing to read "Dale Tech".

Dale Tech, PE
City Engineer
