RE: DOWNTOWN VENDOR LOCATIONS - TABLE SIZE

Dear Jim:

As we discussed on the phone yesterday, John Ashley will start with flower and non-alcoholic beverage sales. He plans to use a standard table to display the items. The tables measurements are 2'x5'x32". When food sales begin, the vending cart will take place of the display table. Right now, we anticipate the food cart to be 4'x5'. When he is ready to begin food sales, dimensioned drawings will be submitted to Growth Management, along with all other required licenses.

Please let me know if you have any other questions.

Regards,

Michael Stanley, ASLA
