**RE: Jackson Springs Water Treatment Plant  
Project No. W10-1858/CIP No. 50789**

Dear Messrs. Green and Coon:

Dean Thomson's April 14, 2011, letter references the 42 MGD Kamloops project that Graham performed. That project is ten times the size of the 4 MGD projects referenced in the bid documents. The enclosed photo and plan sheets provide a comparison of the scale the City's project and the Kamloops project. The plan sheet highlights in blue the City's plan. This is the equivalent of one of the many lines shown in the photo of the Kamloops project. The comparison further exemplifies Graham's ample qualifications to perform the work.

Very truly yours,

Mark R. Becker
