**Subject:** Appealing planning commission decision on 11ur20, 11ur21, 11ur22, 11ur23, 11ur24

Mr. LaCock,

I am appealing the planning commission's decision to approve five alcohol licenses within 100 feet of each other on Main St. Item numbers: 11ur20, 11ur21, 11ur22, 11ur23, 11ur24. My reason for appeal is undue concentration, and insufficient buffering. A friend of mine lives in the apartments across the street. Some of the tenants believe there are already plenty of places serving alcohol without adding five more licenses on one block.
