Cc: Lacock Fletcher; Fisher Vicki

Subject: Planned Development of 3840 Tower Road

Mayor Sam Kooiker and City Council Members:

Please allow me to submit additional information related to agenda item #104 at Monday night's City Council meeting. Attached is another set of photographs simulating how an additional (seventh) tree and the relocation of another tree would better screen the proposed dish antenna. Attachment R1 portrays the size of all seven trees at installation and attachment R2 portrays the size of the trees after two years growth. Attachment labeled Landscape plan 2-3-2012 is the corresponding revised landscape plan we are submitting to the planning staff today. We believe that the addition of the seventh tree and relocation of a neighboring tree provides proper and reasonable screening of the proposed dish antenna.

I also need to address an error made in my cover letter sent yesterday. The letter I sent prior to the certified notice to Cathy Koch was sent on December 6th, not in November as indicated in the cover letter. I hope this does not cause any confusion.

Thank you for your time and attention.

Sincerely,

Bill Cook
