Department of Game, Fish & Parks  
Mr. Mike Kintigh, Regional Supervisor  
4130 Adventure Trail  
Rapid City, SD 57702

Dear Mike:

Another adventure in deer herd management has been safely completed. I have attached a Location Report Summary with a map of this year's activities for the program, an expense report, and a list of those who took advantage of the deer pick-up program. Also included is a detailed report based on the sharpshooter's daily logs. This report includes a detailed listing of the number, age, species and gender of all animals harvested.

Please keep in touch. Let me know if there is any other information that you need.

Sincerely,

A handwritten signature in black ink that reads "Lon Van Deusen".
