Dear Pauline Sumption,

I am writing you today to seek your approval of an Eagle Scout/grounds improvement project at the Minneluzahan Senior Center located at 315 N. 4<sup>th</sup> Street. Life Scout and Stevens High School student Jeff Ross approached me with his desire to do a grounds improvement Eagle Scout project for our non-profit senior center. We agreed to his plans of building a horseshoe pit, some benches, and doing some landscaping improvement behind our building. After working with me to develop these plans I had Jeff present his idea at our board of directors meeting on May 14. The plan has been approved by the leadership of our center.

As per our 1976 contract with the city the Minneluzahan Senior Center requires City Council Approval for any grounds improvement project. I am now respectfully requesting your approval of this Eagle Scout Project so that Jeff Ross can begin work upon the conclusion of the school year.

Thank you for your cooperation. If you have any questions please do not hesitate to contact me.

Take care,

Greg Johnson
