MEMORANDUM

DATE: November 27, 2012

TO: Public Works Committee

FROM: Brad Solon, Division Manager, Building Services

SUBJECT: Road Name Change Request– Poppy Trail to Shooting Star Trail, Rapid City

Staff received a request from Leo Hamm to name and rename portions of a road, a platted named street and section line right of way. The request is to name or rename portions of Poppy Trail and unnamed sections of section line right of way to coordinate these names with an existing portion of Shooting Star Trail.

No addresses currently exist on Poppy Trail. There is an address on Shooting Star Trail. The address on Shooting Star Trail is technically incorrect and should be changed.

Adjacent and possibly affected neighbors have been notified of this request.

Staff did not receive any adverse comments from Emergency Services, Fire Department, or the Police Department. Poppy Trail is a collector street on the major street plan. An amendment to the major street plan may be necessary to remove the collector street designation.

Staff recommends denial of the request to change the name of the collector street from Poppy Trail to Shooting Star Trail.

EQUAL OPPORTUNITY EMPLOYER
